RESPEITO AO MEIO AMBIENTE

Nos preocupamos com o meio ambiente e, entre nossos princípios básicos, está o gerenciamento ambiental.

A empresa propõe-se, como um dos principais requisitos, o atendimento às diretrizes e os compromissos ambientais gerados nas esferas municipal, estadual e federal. Neste aspecto, implantou em 1999 uma estação de tratamento de efluentes líquidos industriais com área construída de 600m², além de:

1. Priorizar a redução na geração de resíduos.
2. Implantar técnicas de tratamento e disposição com baixo consumo de energia e espaço físico.
3. Sempre que possível optar pelo reúso e/ou pela reciclagem.
4. Operar o processo produtivo maximizando as tecnologias limpas.
5. Gerenciar os resíduos, preservando assim, a qualidade ambiental e socioeconômica da comunidade na qual estamos inseridos.

COMPROMISSO TOTAL COM A QUALIDADE

São premissas básicas da **Alumicone**: atuar na melhoria contínua de nossos produtos e processos, seguindo normas nacionais e internacionais (ABNT - Associação Brasileira de Normas Técnicas, ISO 9001:2015 e ISO 14001:2015) sempre que aplicáveis, visando o atendimento das necessidades e expectativas dos nossos clientes e partes interessadas, além de estimular, motivar e capacitar os colaboradores a participarem e se comprometerem com os **Programas de Qualidade** em todos os níveis do processo, garantindo assim, produtos com alto padrão de qualidade e a satisfação dos clientes.

ALUMICONTE

saiba mais sobre

EXTRUSÃO DE ALUMÍNIO

A extrusão é um processo de produção de componentes mecânicos de forma semicontínua, no qual o alumínio é forçado através de uma matriz, adquirindo assim a forma predeterminada de acordo com a necessidade. Perfis de alumínio são utilizados nos ramos de construção civil, indústria naval, aeroespacial, automobilística e moveleira.

Na **Alumiconte**, contamos com 3 grandes extrusoras de alumínio, com capacidade produtiva mensal de mais de 500.000kg, voltados a atender a construção civil, setor moveleiro e industrial.

CONSTRUÇÃO CIVIL

Perfis voltados para a produção de esquadrias, oferecemos ampla gama de produtos, atendendo de forma eficiente às necessidades do serralheiro, entregando alto padrão estético, de qualidade e funcionalidade.

INDÚSTRIA MOVELEIRA

Em nosso portfólio de itens voltados para indústria moveleira, você encontra mais de 600 produtos em linha, que atendem a inúmeras formas e aplicações.

PERFIS PERSONALIZADOS

Dispomos de setor de engenharia focado na busca pela solução ideal para cada projeto, produzindo Perfis personalizados, de acordo com o design e necessidade do cliente.

ANODIZAÇÃO

Anodização é o processo de criar uma camada de óxido sobre a superfície do alumínio por meio da imersão em um banho eletrolítico, no qual o metal a anodizar é ligado ao polo positivo de uma fonte de eletricidade. Isso evita a oxidação natural do alumínio mantendo seu aspecto de novo durante muitos anos.

Contamos com mais de duas décadas de experiência na anodização de produtos, o que contribui para a alta qualidade constante.

PINTURA ELETROSTÁTICA

A pintura eletrostática a pó é um processo de pintura que tem como finalidade o revestimento do alumínio com uma película de polímero termo-endurecível, aplicado na superfície através de atração eletrostática e submetido a um processo de cura em alta temperatura por um determinado tempo.

NORMAS ABNT

A Associação Brasileira de Normas Técnicas (ABNT) é o órgão responsável pela normatização técnica no Brasil, fornecendo insumos ao desenvolvimento tecnológico brasileiro. Trata-se de uma entidade privada, sem fins lucrativos e de utilidade pública, fundada em 1940.

Todos os produtos desenvolvidos e produzidos pela Alumicone contidos neste catálogo seguem rigorosamente, entre outras, as seguintes normas ABNT:

- **NBR 8116:** Alumínio e suas Ligas | Produtos Extrudados | Tolerâncias Dimensionais.
- **NBR 12609:** Alumínio e suas Ligas | Anodização para Fins Arquitetônicos | Requisitos.
- **NBR 14125:** Alumínio e suas Ligas | Tratamento de Superfícies | Revestimento Orgânico para Fins Arquitetônicos | Requisitos.
